Backend: Python, Node.js, Express, Django, Flask, RESTful APIs, GraphQL, WebSockets, Session Authentication, Role-Based Access Control

Databases: PostgreSQL, MySQL (complex queries, joins), MongoDB, Firebase, Supabase

Cloud & DevOps: AWS, Azure, GCP, GitHub Actions, Vercel, Netlify, Railway, Render, Northflank (backend hosting)

AI: Agentic AI workflows, AI-agent development

Tools: Git, GitHub, VS Code, npm, Yarn, pnpm

PROJECTS

Pro Scanner – Live USDT-M Futures Trading Signals proscanner.com.pk

- Built a web-based crypto futures scanner that analyzes top USDT-M pairs in real time and surfaces rule-based long/short setups.
- Each signal includes entry price, stop-loss, take-profit and a confidence score derived from trend and momentum indicators.
- Designed and built the full product end-to-end: Flask backend, scanner engine, free and paid subscription tiers, crypto payments (NOWPayments) and email flows.
- Deployed on Vercel with a custom domain.

Tech: *Python, Flask, REST APIs, NOWPayments, Vercel*

Avant Pharmaceuticals Pvt. Ltd – Official Website avantpharmaceutical.com.pk

- Designed and developed the complete official company website from scratch.
- Implemented responsive layouts for a seamless experience across all devices.
- Integrated frontend and backend logic for interactive components and form handling.
- Optimized performance and cross-browser compatibility; provided post-deployment maintenance.

Personal Portfolio syedhamailportfolio.vercel.app

- Built a professional portfolio with a clean UI and responsive design showcasing projects and technical skills.

WORK EXPERIENCE

Incoming Quality Control (IQC) – Techno Mobile Aug 2023 – Aug 2024

Karachi, Pakistan

- Inspected incoming materials and components to verify they met quality standards before production use.

Customer Support Agent – Techinvadors Aug 2022 – Jun 2023

Karachi, Pakistan

- Handled customer communications and resolved queries, strengthening problem-solving and communication skills.
